VOL. 35 NO. 39

WASHINGTON C. H., OHIO, MONDAY, FEBRUARY 16, 1920

Fifteen Cents a Week

DUTCH TO INTERN EX-KAISER

The Latest Allied Note To Holland Requests Confinement of Wm. Hohenzollern.

Dutch Plan To Intern Unwelcome Guest At Doorn.

Plan to Isolate Him From The World By Heavy Guard.

Allies Wanted Him Sent To Island.

(By Associated Press.)

The Hague, February 16. — The latest Allied note to Holland with regard to extradition of the former German Emperor reverses the original demands for his surrender and only asks his internment, with the suggestion that the former monarch be sent perhaps to one of the Dutch islands of the East Indies, it became known today.

The Associated Press learns on excellent authority that the Dutch Government has already determined to reply with an offer actually to intern Wilhelm at Doorn.

Holland would accept full responsibility of preventing him from endangering the peace of the world, establishing a guard over him and a strict censorship.

THINK EX-KAISER READY TO GO

(By Associated Press.)

The Hague, February 16. — Holland, it is pointed out here, is anxious to meet any request compatible with her own dignity and does not conflict with the nation's laws and traditions of long standing.

That the former Emperor is undoubtedly willing to spend the rest of his life in Doorn is the belief in official circles.

ASK RAILWAY EXECUTIVES TO PICK COMMITTEE

(By Associated Press.)

Washington, February 16. — Director General Hines today telegraphed T. D. Cuyler, of New York, chairman of the Association of Railroad Executives, asking him to designate a committee to meet here for conference with railroad administration officials on "railroad wage questions and related subjects." The request was understood to have been made at suggestion of President Wilson.

NOT CONSIDERED AN ULTIMATUM

(By Associated Press.)

Paris, February 16. — President Wilson's note on the Adriatic question is not considered in French circles as an ultimatum, it was declared today.

CARTER GLASS TURNS OVER HIS OFFICE TO DAVID F. HOUSTON, NEW TREASURER

Carter Glass handing commission of the treasury portfolio to David F. Houston.

The ceremony pictured above gave the United States government a new secretary of the treasury, David F. Houston of Missouri. Mr. Houston was formerly secretary of agriculture. Carter Glass resigned from the treasury department following his appointment as U. S. senator from Virginia.

STILL ANOTHER AMERICAN HELD IN OLD MEXICO

American Mine Superintendent Kidnaped at Zacatecas

Bandits Being Pursued by The Mexican Troops Say Reports

(By Associated Press.)

Washington, February 16. — Wilson Welsh Adams, an American, has been captured by bandits in Zacatecas, Mexico, and is being held for 50,000 pesos ransom, the State Department was advised today. His home is in Los Angeles.

The American embassy at Mexico City has been instructed by the State Department to bring the kidnapping to the attention of the Mexican authorities with request that every step be taken to secure his release.

The American representatives in reporting the incident said the Mexican authorities at Zacatecas were endeavoring to learn the whereabouts of Adams and that three columns of Mexican troops were on the trail. Adams was superintendent of an American mine which was reported to have been looted at the time of his abduction.

CLAIM REPLY NOT FORWARDED

(By Associated Press.)

London, February 16. — Up to noon today the reply of the Allied supreme council to President Wilson's note relative to the proposed Adriatic compromise had not been dispatched to Washington, it was learned after a meeting of the council today.

Meanwhile the President's action is being treated as a sensational development by the London press.

CONSIDERATION OF THE TREATY BEGAN MONDAY

Lodge Introduces Resolution Which Opens Debate On The Treaty.

(By Associated Press.)

Washington, February 16. — Consideration of the peace treaty was resumed today in the open Senate by unanimous consent. Without debate the Senate acceded to the request of Senator Lodge that the treaty be taken up.

To start parliamentary machinery toward a possible compromise Senator Lodge moved adoption of a modification in the first of the republication reservations adopted last session, and another session of debate began. The reservation which he moved to modify related to withdrawal from league membership.

STOCK MARKET IS UNSETTLED

(By Associated Press.)

New York, February 16. — The stock exchange was much unsettled today, leading shares making material extensions to severe losses of the last fortnight.

Latest aspects of the international situation, particularly the Adriatic question, took Wall Street by surprise and heightened the feeling of pessimism. Stocks were several points lower at the opening but made moderate recoveries.

DARDANELLES WILL BE OPEN

(By Associated Press.)

London, February 16. — In connection with another meeting held by the supreme council of the Allies today took up the Turkish question. It was reiterated in conference circles that it had been decided to permit the Sultan to remain at Constantinople as the Turkish sovereign, but that the Dardanelles would be placed under international control.

ALLIES TO REJECT WILSON'S PROTEST OVER SETTLEMENT OF FIUME PROBLEM

SHIPPING BOARD GETS MANY BIDS ON VESSELS

Protests of Senate and Court Proceedings Avail Nothing

WILSON TAKES A HAND

Insists No Secret Agreement To Sell Boats to British Interests.

(By Associated Press.)

Washington, February 16. — Despite protests made in the Senate and elsewhere and court proceedings designed to stay the action, the Shipping Board today received bids for the thirty former German liners.

When the ships first were offered by groups in the services in which the board had planned originally to operate them no bids were received, but spirited bidding developed later for individual vessels or selected groups to run in specified services.

While the bidding was in progress these developments came: The Board was requested by the Senate to defer sale of the ships until definite Senate action was taken.

Associate Justice Bailey of the District Supreme Court took under advisement the application of William Randolph Hearst of New York for an injunction to stop the sale of the vessels. He will make a decision Friday.

White House officials announced President Wilson would inform the Senate that there was "no basis for reports" that there was an agreement between the Board and British interests for sale of the vessels.

WHOLESALE CO. HAS TROUBLE

(By Associated Press.)

Cincinnati, O., February 16. — Suit for \$15,000,000 damages and the appointment of a receiver for the wholesale and retail dry goods firm of Alms & Doepke, or that the court direct fulfillment of an alleged contract made last June between plaintiffs and defendants, was filed today by William and Robert Doepke and the Doepke Company against William Alms, president of the concern and others.

NAMES POLLARD ON COMMISSION

(By Associated Press.)

Washington, February 16. — John Garland Pollard, of Virginia, has been selected by President Wilson as a member of the Federal Trade Commission.

WIFE OF RANGER RIDES WITH THE FORCE

Mrs. Charles Stephens, in her ranger "uniform" on her favorite horse.

Mrs. Charles Stephens, dainty wife of Captain Stephens of Company B, state ranger force, Texas, frequently accompanies her husband and his men on ranger duty. Of course she isn't a member of the force, but she is an ardent horsewoman and likes the outdoor life of the rangers.

COLD WAVE WILL SPEEDILY PASS SAYS OBSERVER

Great Portion of Land in Grip Of Cold Snap.

Rising Temperatures in Ohio Valley At Hand

(By Associated Press.)

Washington, February 16. — Another cold wave gripped the eastern portion of the country today, the cold area extending from Canada to the Gulf and from the Atlantic to the Mississippi River.

At the Weather Bureau, it was said that the cold snap would be of short duration, however. The forecaster predicted that temperatures would begin to moderate tonight in the Ohio Valley and the upper lake region and would continue to moderate in those districts and in the extreme east and south Tuesday.

WORST WEATHER OF THE SEASON

(By Associated Press.)

New York, February 16. — Railroad communication with points west of Syracuse on the New York Central was virtually suspended today because of the worst blizzard of the winter in the region from Lake Erie to Lake Ontario. Through trains from west of Buffalo due early today will not arrive.

before nightfall or later. Temperatures as low as ten below zero were reported from the lower lake region with heavy snow between Detroit and Buffalo.

BLIZZARD HALTS RAIL TRAFFIC

(By Associated Press.)

Cleveland, O., February 16. — With the thermometer registering one degree below zero today and a 35-mile wind piling snow in deep drifts passenger and freight traffic on the New York Central and other railroad lines in this vicinity was badly delayed today.

FIND EVIDENCE PATTERSON, N. J. HEADQUARTERS

I. W. W. Plotters Taken Into Custody in Raid Sunday.

(By Associated Press.)

Newark, N. J., February 16. — Evidence that the bomb plots of last June when attempts were made on the lives of many public officials originated in Patterson was found in yesterday's raids there, it was announced today.

Department of Justice agents from two score industrial cities are on the way here to examine the I. W. W. records seized in the government's raids on terrorist quarters in Patterson yesterday.

Paris Reports Indicate Wishes Of United States Will Be Ignored in Adriatic Muddle

United States Participation In Adriatic Affairs At End If Wishes Ignored.

Paris Report Branded "Too Sweeping" at White House

Wilson Says Ultimatum to Belgrade Differs From Former Plans.

(By Associated Press.)

Paris, February 16. — Prompt rejection of President Wilson's objections to the compromise agreement by which England, France and Italy hoped to settle the Jugo-Slovakia questions relative to the future status of the eastern coast of the Adriatic, is reported in the Echo de Paris.

Premiers Lloyd George of Great Britain and Millerand of France drafted the reply to the American chief executive and insisted Jugo-Slovakia must agree to the compromise with the alternative of seeing the treaty of London become operative, it is said.

At the same time the Premier's reply was sent to Washington, the Foreign Minister of Jugo-Slovakia was notified that the viewpoint of the British and French governments had not been altered by the seemingly unexpected action of Mr. Wilson.

Contents of the Wilson note have not been made public here. He is said, however, to have given intimation the United States would "find it impossible to continue to concern itself with European affairs if the Allies proceed to settlement of the Adriatic problems without consulting the United States."

It was said the President entered serious objections to the ultimatum sent to the Belgrade government on January 20 and declared it differed from the program framed by the British and French premiers, with the assistance of an American representative last December.

While not connected with the situation resulting from the Wilson note, a cabinet crisis has arisen at Belgrade.

WHITE HOUSE ISSUES DENIAL

(By Associated Press.)

Washington, February 16. — President Wilson, it was learned today at the White House, did not say in his note to the Entente premiers that the United States would no longer be able to concern itself in European affairs if a Fiume settlement were made without consulting America. Officials said the interpretation of

REPUBLICANS TO FORM CLUB IN THIS COUNTY

Name Delegates and Alternates to State Convention On February 23.

Women Also Name Delegates—Joint Meeting Is Held Saturday.

The Republican Central and Executive committees of Fayette county held a joint session Saturday afternoon and took up a number of matters in connection with the coming campaign.

One question decided was whether the delegates to the state convention should be elected at large or by districts, and decision was reached to elect the delegates at large, five delegates and five alternates to be chosen. Attention was called to the fact that inasmuch as the declaration of candidacy must be filed sixty days before the primary, filing must be made by February 26.

At a recent district meeting at London two delegates and two alternates were decided upon from the district, and Fayette county has the selection of an alternate. The district meeting endorsed Geo. Wilbur of Marysville, and Dr. L. E. Evans, of West Jefferson, while Judge Marcus Shoop, of Xenia, was named one of the alternates. Hon. C. A. Reid was chosen alternate from Fayette County to the National Convention.

At the request of the state committee two women were named at the Saturday meeting to be delegates to a state-wide rally to be held in Columbus February 23. Mrs. Day

LARRIMER LAUNDRY
WE TAKE THE WASHING OUT OF WASHINGTON HOMES.

Id Craig and Mrs. Martin G. Morris were selected.

The committee decided to organize a Fayette Republican Club, and A. W. Duff was made temporary chairman; Geo. H. Hitchcock vice-chairman and Ray Maddox secretary. Eleven delegates and 11 alternates were selected to attend the state-wide rally at Columbus, and it is expected that a large number of others will attend the convention, at which time it is planned to organize the Lincoln-McKinley-Roosevelt Club of Ohio.

The delegates chosen are: Hon. H. F. Brown, Hon. F. C. Parrett, Ralph Braden, H. D. Cockerill, W. E. Smith, C. D. Bush, H. W. Looker, H. O. Bostwick, J. G. Andrews, Harry Silcott, J. T. Oatneal.

Alternates are: Troy T. Junk, Glenn M. Pine, Ray Moots, Chester Zimmerman, Carl Mallow, Louis Perrell, O. W. Creath, J. E. Hopkins, J. A. McLean, Frank E. Haines, Sanford Evans.

Mrs. C. C. Pavey, of Columbus, will assist the women of Fayette county in organizing.

FLU CONTINUES ON THE DECLINE

The flu situation has shown marked improvement in both city and county during the past 48 hours and a rapid decline of the epidemic is anticipated.

Physicians are having a little less to do, although some of them are still kept rather busy looking after flu patients. No fatalities have occurred from the flu in the past 48 hours and health authorities are greatly pleased with the outlook.

Some wild rumors have been set afloat outside of the city, and traveling men coming here state that they had heard the epidemic was smallpox in stead of influenza.

However, there is no truth in the statement, there being only one case of smallpox in the city at the present time, and that is under rigid quarantine, with no expectations of further cases resulting from the single case in the city. This is the only quarantine case in the city at the present time.

TRIANGLES TO PLAY SABINA COURT TEAM

Manager Hays of the Y. M. C. A. basketball squad has arranged for a return game with Sabina and will take the Triangles to that place on next Thursday evening.

When the two teams met some time ago the Triangles were winners in a one-sided game, 65 to 21. It was Sabina's first game of the season and the team lacked practice. The Sabina boys have made progress in their work since that game and are in good shape to put up a fast game.

A return game with Cedarville College, scheduled for the 18th, has been cancelled because of the influenza epidemic.

TWO TRANSACTIONS IN REAL ESTATE

Announcement is made through the White Real Estate Agency that Mrs. Emory White has sold her property on Temple street near the Backenstoe grocery to Mrs. Sellars of South North street. L. W. Young of Hillsboro has traded his farm near New Martinsburg for a farm known as the Howard Coffee farm owned by John Doyle.

DEATHS

RANDOLPH.

Turner Randolph, well known colored horseman, aged 65 years, died Monday morning at 9:30 at the home on Sycamore street. He leaves a wife and nine children. Funeral Wednesday at 2:00 p. m. at the home and burial in the Washington cemetery.

POSTPONED

The Sugar Grove W. C. T. U. meeting for this week has been postponed indefinitely on account of illness.

EVERYDAY GREETING CARDS

A new line of quality cards for every occasion have been received at Rodecker's News Stand. Whether it be congratulations, birthday, sympathy, birth announcements or cards of cheer to a sick friend in hospital or home—all are found in the assortment.

DON'T NEGLECT THE LITTLE ONES

Mrs. J. S. Pitson, 376 E. 156th St., Cleveland, O., writes: "I can't speak too highly of Foley's Honey and Tar. When my little girl has a cold I give her Foley's Honey and Tar and that stops her coughing in a little while." Children like it, it contains no opiates. It is healing, soothing, prompt in action. Blackmer & Tanquary.—Adv.

BUCKSKIN HIGH PROVES CHAMP CLASS B TEAMS

By completely outclassing Lynchburg in the finals Saturday evening at McClain High School, Buckskin Township High School won the Class B championship in the South-central Ohio tournament at Greenfield and the right to compete with the class A teams in the final classic this week end. Buckskin easily won by a score of 38 to 18.

Friday's games left four teams to play for the championship Saturday. Saturday afternoon Lynchburg defeated Bainbridge and Buckskin defeated McArthur in the semi-finals. This left Buckskin and Lynchburg to fight for the cup and the championship.

Buckskin Township now takes its place in the big totemy as the opponent of Waverly in the first game on next Friday evening.

Buckskin, also known as South Salem, was the runner up for the championship of south-central Ohio last year and was beaten out in the finals by Washington High. It is the smallest school entered in the tournament.

Juggling statistics shows an interesting climax to the fact that Buckskin won the championship. *Lynchburg gave McClain High a drubbing on Christmas eve 35 to 30; McClain boasts victories over Washington High, Chillicothe, Hillsboro, Circleville, New Vienna, and Waverly, every team entered in the big tournament, and the Buckskin comes to the front with a smashing victory over Lynchburg.

TO SEND PAYMENT FOR INCOME TAX

"Cash payments of Income Taxes should not be sent by mail," says Collector of Internal Revenue Stephen W. McGrath.

"Cash sent by mail is always at the owner's risk of loss and if lost or stolen, the sender may find himself facing penalties for failure to pay his tax on time.

"A taxpayer will find it more practical to purchase a Post Office money order, or draw a check for the amount of the tax, payable to Collector of Internal Revenue.

"The first payment, due on or before March 15, should be attached securely to the complete return, and forwarded, or delivered to my office at Cincinnati, Ohio. This first payment must cover either the entire tax shown due or at least one one-fourth of the tax due."

"Early payments and early filing of returns is urged in order that an overload on the final date, March 15, may be avoided."

HOSPITAL NOTES
A. R. Pensyl underwent a serious operation at the Fayette Hospital Monday morning from which he has rallied nicely.
Homer Silcott is recovering from a severe attack of double pneumonia for which he has undergone special treatment at the Cherry Hill Hospital during the past ten days.
Mrs. O. E. Brown was removed from the Cherry Hill Hospital Monday to the home of Mrs. Fred West.
Robert Armstrong, son of C. U. Armstrong, entered the Cherry Hill Hospital, Saturday, suffering with a severe attack of pneumonia. He was removed from the home of his grandfather, Hon. U. G. Rankin of Parrots station, in the Klier ambulance.

LODGES ALONG LINE SEND DELEGATIONS

Almost a score of members of the local Pythian Lodge, Confidence Lodge, attended the initiation work put on at Springfield Saturday evening by the Iola Degree Staff of Dayton. The Knights made the trip on a special train chartered for the occasion by the several lodges of the towns along the D. T. & I. between here and Springfield.

More than seventy-five Knights of the Jeffersonville lodge attended in a body as did also numbers from the South Solon and South Charleston lodges.

A tie up on the Big Four railroad caused the special train to reach this city at four-twenty Sunday morning.

Notice to the Farmers

We wish to announce our price on Sweet Corn for the season of 1920. We will pay \$17.00 per ton for Sweet Corn delivered at our factory at Washington C. H., Ohio.

We will furnish you Stowell's Evergreen Seed, testing 92 to 98 percent. We will be better equipped than ever before to handle the corn, and have under construction a new building with a storage capacity of two hundred tons, also installing a corn dump capable of unloading wagons or trucks.

You as producers, and we as manufacturers realize what delays mean in the conduct of our business. Our relations are mutual and co-operative.

Our field inspector, Mr. Harry A. Hyer, is ready to accept contracts for Corn Acreage and will call on you. Our Factory office is equipped with both phones and open day and night. Our up-town office is located with the Edgar Snyder Insurance Agency.

To those who have listed for acreage before announcement of the price, wish to say, contracts are being mailed to you today.

DAYTON WOMAN RELATES FACTS

Was Wonderfully Restored Three Years Ago By Tanlac—Good Effects Continue.

"I can testify to both the immediate and lasting results one gets from Tanlac for it has been three years now since it relieved my suffering and built me up so wonderfully and I am still enjoying the best of health," said Mrs. Lena Kingery of 136 Kirkham Ave., Dayton, Ohio, while discussing the medicine recently.

"My stomach had been in such a bad condition for two years," explained Mrs. Kingery, "that I could not eat anything the least bit heavy without feeling sick afterwards, and I seldom ate any breakfast at all. My nerves were so shattered that I could never get sufficient sleep and I felt tired and worn out all the time. I was seldom free from the worst kind of headache and my stomach troubled me nearly all the time. In fact I don't think there was a single day during those two years but what I felt miserable and none of the many medicines I took did me any good."

"So many people here in Dayton were making statements and praising Tanlac that I began taking it myself and it certainly is wonderful how quickly this medicine got me to feeling right again. By the time I had finished my first bottle there was a considerable improvement in my condition. My appetite was much better, I could sleep soundly, and that tired feeling left me. Then I got another bottle, then another and when I finished the three bottles every sign of my troubles had disappeared. Since that time I have been eating just anything I want, sleep like a child, and feeling fine all the time. I was just telling some friends today that it seems hard for me to get enough to satisfy my appetite. I remember how disappointed I was at not being able to enjoy Thanksgiving and Christmas dinner during the two years my stomach was in such a disordered condition. But since taking Tanlac I enjoy these occasions like other people. For my appetite is splendid, my stomach is in excellent condition and my health is fine."

Tanlac is sold in Washington C. H. by C. S. Haver.—Adv.

A RAW, SORE THROAT
Eases Quickly When You Apply a Little Musterole.
And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 20c and 50c jars; hospital size \$2.50.

Winter and Your Starting and Lighting Battery

One bright day does not make a spring, therefore because we have had a few of them, don't think your battery is enjoying summer conditions.

Experts Say

that even the best and finest battery is not more than fifty percent efficient at eight degrees above zero. What then of the battery that is insufficiently charged?

Think—Here are the Conditions

Battery weakened—not more than 50% efficient at best; engine cold; hard to turn over; transmission oil so stiff it can't be stirred with a stick; oil in the crankcase stiff; days dark, nights long—lights use up current; short runs, no long trips to store up battery energy; poor gasoline, takes many revolutions to fire the fuel.

There is only one way to treat your battery right, and that is to have it inspected and tested, and if needs be, have it charged.

Drive up to our station—we will test and inspect your battery free, and if it needs charging we will do it with our newest and most modern equipment that eliminates guess work. Everything here is done in the open—we have no secret not to be shared by the car owner.

Belgium Comes Back

Plucky little Belgium!

First to fight—first to work! No wonder the other day in New York a \$25,000,000 Belgian loan was doubly subscribed during business hours. Had Belgium asked America for a loan many times as large it would have been as promptly "put over."

The magnificent spirit of this valiant little country in war is now showing itself just as sturdily in coming back to its pre-war rating of first in the world in respect to value of trade per head.

The most densely populated country in the world, Belgium had become the most intensively cultivated country—a main reason for this being because of the wide distribution of land ownership, one man in six being an owner.

In spirit, technique and skill Belgium is excelled by no nation and, pathetic as was her condition when crushed beneath German indignities, the world confidently waited to see Belgium come back. Only those who saw Belgium at the end of the war, her industries smothered, her factory chimneys standing smokeless, train service crippled, her city streets filled with a purposeless throng, can fully appreciate the marvellous change which is making little Belgium stand out as the marvel of the devastated countries.

Smoke pours out from those idle factory chimneys as it its fires had never been banked. On the railroads nearly all the standard gauge lines have been reconstructed and in the freight transport the movement is already equal to about two-thirds of that before the war. Even more remarkable is the record of the mines. Coal production is at present nearly ninety-nine percent of the output for the corresponding period five years ago. For cotton the figures are eighty per cent; for wool, 75 percent; for shoes, 70 percent; even the glass and shoe industries, which suffered most of all, have been restored by about one-third.

When a cargo of sugar from the port of Antwerp arrived at the port of New York recently and it was learned that the restoration of the refined sugar industry in Belgium is no less than one hundred percent—the marvel of this indefatigable country grew.

A country of such nerve and energy—whose dictionary contains no such words as defeat or failure—is entitled to the helping hand of every nation of the world to whatever extent she needs assistance in coming back—but there is one sure thing—Belgium will come back independently—whatever she borrows she will pay and she will take her place among the working peoples of the world through her own effort.

England and Egypt

England has now crowned her splendid achievements for Egypt by establishing a constitution for the Egyptian people—an epoch-making event which disproves suspicions voiced by some critics that English control of Egypt means a suppression of that nation's self-conscious individuality.

This action is in harmony with Lord Curzon's assertion, "Egypt is of course, primarily an Egyptian interest; the good government and prosperity of its people are the first consideration."

Lord Allenby, British special high commissioner to Egypt, in his proclamation to the Egyptian people, said: "The policy of Great Britain in Egypt is to preserve autonomy under British protection and to develop a system of self-government under an Egyptian ruler. The object of Great Britain is to defend Egypt against all external danger and the interference of any foreign power, and at the same time to establish a constitutional system in which, under British guidance as far as may be necessary, the Sultan, his ministers and the elected representatives of the people may, in their several spheres and in an increasing degree, co-operate in the management of Egyptian affairs."

His Majesty's government has decided to send to Egypt a mission which has as its task to work out the details of a constitution.

Lord Allenby's proclamation lends force to the allegations of British officials that the first interest of the British is "Egypt for the Egyptians."

England has rehabilitated the magnificent agricultural possibilities in the Valley of the Nile, always a guaranty of Egyptian wealth. She has raised the Fellahin—the lowest rank of the people—as well as of the Egyptian population, not only materially but morally to a far better condition than they have ever been. Finally, she has practically stamped out both local and national maladministration.

For her administration of Egyptian affairs England has again demonstrated her satisfactory colonial policies and her recognition of the fact that in a race like the Egyptians, possessing in its upper ranks a high culture and historic memories, it is fitting that their aspirations be recognized and provision made for their desires.

POETRY FOR TODAY

THE FOOLIN' WEATHER

We like to see the weather
A-foolin' of us so—
To make out like its spring time
When Winter says, "It's snow!"
We like to see the weather
A-foolin' of us so!

When the cold flag flies, we listen
To hear a blizzard blow,
An' then out comes the sunshine,
An' the birds sing—high an' low!
We like to see the weather
A-foolin' of us so!

It's a great old world to live in—
It's sweeter than you know!
Through even the snows of winter
The roses want to grow,
We like to see its weather
A-foolin' of us so!

—Atlanta Constitution.

MRS. THOMAS' WORD TO WOMEN

Tells of the Great Good Lydia E. Pinkham's Vegetable Compound Did For Her.

Morrice, Mich.—"About a year after my second baby was born I suffered with dizziness every morning so that I could hardly get around. I had heard from other women about your medicine and had read letters about it so my husband got me Lydia E. Pinkham's Vegetable Compound which I took according to directions and in a short time I was entirely relieved. I also took the Vegetable Compound before my last baby came and am thankful to say that it relieved my sufferings very much and I shall never be without it at such times. I have told others of its great worth and shall keep on telling it."—Mrs. E. THOMAS, Box 184, Morrice, Mich.

Women should not continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound.

If you would like free confidential advice address Lydia E. Pinkham Medicine Co., Lynn, Mass.

SINCE 1870
SHILOH
30 DROPS STOPS COUGHS

DANGEROUS REDS TAKEN BY AGENTS

(By Associated Press.)

Patterson, N. J., February 16.—Twenty-nine radicals, said by secret service agents to include the most dangerous terrorists in the United States—members of the notorious I'era Nuova group, whose creed is assassination and violence by individuals without waiting for "mass action"—were captured early yesterday by one hundred picked agents of the Department of Justice in a dramatic raid on red headquarters. All official records of the I. W. W. for the entire district east of Chicago were seized.

SON OF PROMINENT LAWYER DIES WHEN CAUGHT IN STORM

Dublin, N. H., February 16.—Charles MacVeagh, Jr., of New York, a graduate student at Princeton, and son of the counsel for the United States Steel Corporation, died of exposure on Mount Monadnock yesterday during an attempted snow-shoe trip to the summit in company with Charlton Reynolds, of New York, a Harvard senior.

The two started on their trip early yesterday afternoon in excellent weather, but soon a blinding snow-storm developed. They abandoned the attempt and started to return, but lost their way. MacVeagh died at 4 o'clock yesterday morning. Fred Nettleton, caretaker at the MacVeagh estate here found the two. Reynolds will recover.

ONE RESULT OF WINTER

Life indoors with lack of exercise and heavy food is apt to throw the digestive organs out of order. Foley Cathartic Tablets are a wholesome physic that thoroughly cleanse the bowels without griping or nausea. They sweeten the stomach, invigorate the liver; banish headaches, biliousness, bloating, gas.—Blackmer & Tanquary.—Advt.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets right for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

ALLIES TO REJECT

Continued from page one

the President's note by Paris newspapers was "too sweeping."
They said the United States would not withdraw from participation in the peace treaty and the league if the treaty were ratified by the Senate, but that it would withdraw from any participation in the future settlement, including the policing of the Adriatic.

The President's position regarding France and the whole Adriatic situation was said to be unchanged. Disposition never has been outlined and officials today declined to define it.

Whiskey was first known as a drink in the seventeenth century.

RELATES HOW HE GAINED 10 POUNDS IN TWO WEEKS.

Lancaster man had suffered from stomach trouble so that nothing agreed with him—appetite failed and couldn't sleep.

KIDNEYS WERE WEAK

Declares after taking Drecto two weeks, his appetite returned, stomach improved, liver got active and pains left his body.

"The change in me is remarkable since I've been taking Drecto. I feel like a different person, and my friends remark on how much better I'm looking," writes Mr. C. O. Duckwall, 705 Pierce Ave., of Lancaster, O.

Mr. Duckwall is well known at the Claffin Engineering Works, where he is employed.

"My stomach was in such shape that my food did not digest but turned to gas and bloated me up. Seemed I got no strength from what I ate, and I began to get thin and lost weight."

"My kidneys also got out of order and I'd have continual pains in my back, which hurt me to bend over or stoop about. I also had a tight feeling in my chest. The first bottle of Drecto helped me, so I got the second one and after I had been taking this medicine two weeks, I had actually gained ten pounds. My food was digesting with no gas forming, but seemed to give me strength. The pains over my kidneys passed away—also the pains in my chest. Drecto certainly deserves all the praise being given it."

When a person is sick, they certainly have to take medicine to get well, and Drecto is proving every day that it adds a disordered stomach; relieves gastritis, strengthens the kidneys; cleans off the liver; overcomes constipation and takes the pains out of rheumatic joints.

All good druggists sell Drecto and it is highly recommended in this city by Frank Christopher, Druggist

INFLUENZA AND WEAK BLOOD

Run Down and Listless Condition May Make You a Target For the "Flu"

Because Blood is Probably Thin

AT THIS TIME OF DANGER, TAKE PEPTO-MANGAN—IT BUILDS RICH, RED BLOOD

No matter how well you usually are, if temporarily you're run down, you're a target for the influenza.

Contagion always gets listless people first. Whether they realize it or not, their blood is thin and undernourished—in no condition to fight off the germs it meets everywhere.

It is a wise precaution to take a good tonic at this time of danger—some well-known builder of red, vigorous blood, like Pepto-Mangan.

And if you did not think of this in time—if you are now recovering from a fight with influenza—your blood will need help for weeks after you think the danger is past.

Take no unnecessary chances. Get Pepto-Mangan and start taking it today. Pepto-Mangan is an effective blood builder that has had endorsement of physicians for years.

Pepto-Mangan is sold by druggists in either liquid or tablet form, just as preferred. There is no difference in medicinal value. But be sure you get the genuine Pepto-Mangan. Ask for Gude's Pepto-Mangan and be sure the name is on the package. Advt.

Violent circular currents make navigation in the Bay of Biscay difficult

THIS MAN SAYS HE NEVER FELT BETTER IN LIFE

Praises Voia-Tonic For Better Health and Strength It Brought

"Although I have been in a run down condition for a long time it only took one bottle of Voia-Tonic to fix me up," said Henry Meier, of 408 Laurel avenue, Cincinnati, Ohio.

"I was so run down that I didn't have a bit of ambition and I felt tired all the time. It took an effort for me to go to my work. I was badly troubled with backache."

"A friend of mine who had tried Voia-Tonic recommended it to me so highly that I got a bottle and started taking it."

"I have one bottle of Voia-Tonic is all I have taken but I don't think I ever felt better in my life. I'm stronger and more energetic and the backache I used to have is all gone. I can truthfully say Voia-Tonic is the best medicine of the kind I ever took and I am recommending it to all my friends."

If you are feeling weak and run down take Voia-Tonic, "Builder of Strength," and get back your health and strength.

Voia-Tonic is being specially introduced in Washington, D. C., at Frank Christopher's, and at Jeffersonville by J. B. Davis.—Advt.

"The best 60,000 city in America."

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The New York Sun expresses an ultra modern view which takes quite a bit of sentiment out of Leap Year when it says:

"Leap year" is far enough along now to demonstrate that it is only a shadow of its old self. The busy young women of Manhattan declare that there are too many opportunities for girls to make their own living nowadays to bother about proposing to young men who probably couldn't provide homes.

"Leap year is headed for oblivion," said one of these young business women the other day. "If records for the first days of this leap year were only available it would be found that the proposal average has never run so low. The answer is found in the 'help wanted' columns of the New York newspapers. There never has been a time when young women have been in such demand in all lines of business.

"They proved their worth in the war in many lines from which they were supposed to be permanently barred. They showed there is no field in which they cannot excel. If the war had lasted a few years longer they would have upset all our traditions and theories about women in industry. Just as they upset the traditions and theories of Great Britain even had a model of a warship, which was entirely built by women. Do you suppose any live integer of a sex which can build battleships is going around asking for

the privilege of chauffeuring a gas stove and warming over the coffee of some young male person who hasn't half the business initiative of any progressive girl of today?

"Salaries never were so good where women are concerned. Of course expenses have increased too, but that doesn't frighten a woman as much as it does a man, because she has more ways of beating the game. A bachelor or girls can cook all kinds of cheap meals in her apartment, even though she has only gas burner to work with but Mr. Man has to run out and spend his last available four bit piece for something to eat at a restaurant. So the business woman of today is just getting on fine, and is not interested in leap year except as a revival of ancient and musty tradition.

The St. Valentine season is appropriately marked by an unusual number of weddings and among them the announcement of the marriage of Miss Velma Reno, daughter of Mr. and Mrs. H. Reno, of Oakland avenue and Mr. Thomas F. Cullen, son of Mrs. Thomas Cullen, of Clinton Avenue, is being followed by heartsome good wishes of many friends.

Rev. Fr. Fogarty performed the ring ceremony at his home Monday afternoon at three o'clock.

The bride, a brunette rather petite in type, looked very pretty in a modish suit of navy blue serge, with spring hat to match.

Miss Mary Josephine Cullen, also wearing a blue suit and hat, and Mr. Edward Cullen, sister and brother of the bridegroom, were the attendants.

Mr. and Mrs. Cullen left on the afternoon train for a short visit in Dayton, returning to make their home here. For a number of years, Mr. Cullen has been connected with the George A. Gregg shoe store, a valuable and courteous salesman, and numerous business friends are joining in the general good wishes.

One of the most interesting marriages of the season to a large circle of relatives and friends in the county is that of Miss Yvonne Baker, daughter of Mr. and Mrs. W. F. Baker of the Prairie pike, and Mr. Virgil Duff, well known young farmer, son of the late Mr. and Mrs. A. C. Duff which took place Saturday afternoon at two o'clock at the Presbyterian Manse. The ring ceremony was performed by Rev. William Boynton Gage and was witnessed by Mr. and Mrs. Marion Mark, the latter a sister of the bride. The bride, who is a beautiful girl, vivacious and attractive was wearing a handsome tailored suit of midnight blue tulle with white georgette blouse, smart Spring hat of midnight blue satin and braid, tan shoes and

gloves. Mrs. Mark was attired in a blue tailored suit with hat to match.

Mr. and Mrs. Duff left on the afternoon train for a couple of days stay in Columbus, upon their return going at once to housekeeping on the Frank James farm off the Waterloo pike, recently purchased by Mr. Duff, who already had large farming interests in that section.

Both bride and bridegroom are very popular young people and if the general good wishes being extended are auguries for future happiness they are assured a rose colored future.

Mr. and Mrs. Guy Ford are announcing the birth of a daughter at their home on Eastern Avenue Monday morning.

Miss Nelle Stuckey of Columbus, spent the week end with her mother, Mrs. William Stuckey.

Mrs. Charles U. Armstrong is convalescent after a serious attack of influenza.

Mr. F. R. Blosser, of Cleveland, was the week end guest of their friends in this city.

Mr. and Mrs. Louis Weinmann, of San Francisco, are spending part of the week the guests of Mrs. Alice Moorman.

Mr. Forest Anders, Financial clerk of the House, is down from Columbus spending a few days with his family.

Mrs. Minnie Brown and Mrs. H. G. Coffman spent Monday in Columbus.

Forest Beck came home from Akron Saturday and has been quite ill at the home of his parents, Mr. and Mrs. C. A. Beck. Friends are glad to know that his condition Monday showed improvement.

Mr. and Mrs. Walter E. Hutton (nee Jane Paul) returned Sunday from a short wedding trip and were the guests of Mrs. Hutton's mother Mrs. John A. Paul, until Monday, when they left for their new home in Frankfort.

Mr. John Howe has been called from Columbus by the death of his sister, Mrs. George Grove.

Mrs. Jeanette Chie returned from Frankfort Friday evening where she spent several days the guest of relatives.

Mr. Edmund Ewing, of Dayton, was the guest, Sunday, of Miss Dorothy McArthur.

Messrs. W. W. Williams, and Dick Shepherd, of Jeffersonville, stopped in this city Monday enroute to Columbus on business.

Mr. Ed Fite has returned from a business trip to New York in the interests of the Fite store.

Mr. Clark McDole spent the week end with his grandparents, Mr. and Mrs. Isiah Morris of Worthington.

Mr. and Mrs. Gay Townsend spent Sunday with Mrs. Townsend's father and mother in Sabina.

Mr. M. P. Knudsen, General Manager of the Sunlight Creameries, who has been temporarily located with his wife and daughter at the Cherry Hotel, has now moved his family into one of the J. Howard Hick's double houses on Washington Avenue.

Mr. R. K. Kerr returned to Lima Saturday after a two weeks visit with his mother, Mrs. Josephine Kerr.

Mr. John Durant left Monday for New York to purchase Spring stocks for Craig Brothers' dress goods department.

Miss Gladys Fenner was home from the Ohio Wesleyan University spending the week end with her parents, Mr. and Mrs. W. W. Fenner.

Mr. E. E. Slavens, Cleveland, spent the week end with his two daughters, Misses Vera and Helen, at the home of his parents, Mr. and Mrs. J. C. Slavens, on South Hinde street.

Miss Mayme Frisbie came up from New Albany, Ind., Saturday called by the serious illness of her aunt, Mrs. Aurelia Westerfield, and remained the guest of Mr. and Mrs. R. C. Poddicoat until Monday.

Mr. L. D. Saxton was down from Columbus over Sunday visiting his aunts Mrs. R. C. Hunt and Miss Anne Saxton.

Mr. W. D. Craig returned Saturday from New York where he has been engaged in Spring buying for Craig Brothers' ready to wear department.

The tune "America" figures in the patriotic air of twelve nations.

ILLNESS FATAL TO MRS. GEORGE GROVE

The passing over into the silent majority of Mrs. George Grove, which occurred at what is known as the old Stafford homestead, owned by Mr. J. E. Hare, near Staunton about four o'clock, occasions widely extended sorrow.

Mrs. Grove was one of Fayette County's sterling women, kindly and sympathetic in her nature and proving herself a helpful friend and neighbor in the various localities with which she has been associated.

For several years Mrs. Grove has suffered from leakage of the heart, her condition growing serious a fortnight ago. A devoted home woman her death to her surviving family a husband, one son, Warren, wife and daughter Novella Jane, now residing near Jeffersonville, is an overwhelming loss and arouses for them the deepest sympathy of many friends.

Mrs. Grove will be specially missed from the activities of the First Baptist church in this city and in the organization of the Daughters of Rebekah of which she was a loyal member.

Funeral services will be held Tuesday at 2 p. m. at the home. Burial will be made in the Washington cemetery.

FAYETTE PEOPLE OWN 2584 AUTOS

Information to Howard Allen, secretary of the Fayette County Automobile club, from Secretary of State Harvey C. Smith, states that Fayette county has 2584 automobiles with the number steadily increasing at a rapid rate.

Local authorities believe that before the end of the year the number will have passed the three thousand mark.

CATCHES FIRE DAMAGE SMALL

When Eldred McKinney, of the Good Hope pike, attempted to start his Buick roadster in front of the Kissling store in Good Hope Saturday night, the engine became flooded and the entire machine burst into a blaze. A group of men standing near by saved the machine from total loss by applying water from a nearby well.

Columbus' voyage in which he discovered America cost \$7,235.

STUMBLING BLOCK IS RECOGNIZED IN DISPUTED ARTICLE

(By Associated Press.)

Washington, February 16.—The peace treaty fight will pass into another and perhaps decisive stage, with the best opinion in official and political circles here divided as to whether the outcome will be ratification or rejection.

Under a plan agreed on a week ago, the treaty is to be called formally before the Senate with the republican reservations adopted at the last session of Congress.

The disagreement over Article Ten, the crux of the controversy, remains in a state which seems to menace seriously the chances for ratification.

SERBIAN CABINET STAGES WALKOUT

(By Associated Press)

Belgrade, Saturday, February 14.—The cabinet headed by Premier David O. Vitch resigned today owing to the refusal of Prince Regent Alexander to dissolve the present provisional national representation and order elections for a national constituent assembly.

DO NOT EXPECT LONG EPIDEMIC OF INFLUENZA

Columbus, February 1.—While reports to the State Department of Health indicate a widespread prevalence of influenza, the disease has so far been milder in type than last year and no large number of cases of pneumonia have been reported. Although the epidemic is in practically all parts of the state, the department thinks it will spend itself in a comparatively short time.

With the return to the state of many physicians and nurses who were in military service last year, most communities have been able to provide adequate medical and nursing aid. In some localities however, this service is inadequate and to these communities the State Department of Health has advised the formation of an emergency committee for making the best use of available physicians and nurses and for caring for those families who are unable to afford a private nurse.

MISSOURI ELECTS LEAGUE SUPPORTER

Washington, February 16.—Election of Captain Jacob L. Milligan, democrat and League of Nations advocate, over John Frost, republican and league opponent, in Saturday's contest in the Third Missouri Congressional District, was hailed by Chairman Cummings of the Democratic National Committee in a statement as disclosing that the people are thoroughly dissatisfied with the present leadership of the republican organization.

MIOLO

For the Family Table

Since our last advertisement we have sold a good many pounds of MIOLO and without exception it has satisfied a want that is not satisfied by other inferior brands. In fact many of our customers are glad that we insisted that they try one pound.

Folks that have been using creamery butter notice that the aroma and flavor of MIOLO is equal to the very highest priced creamery or country butter. We guarantee satisfaction. Just try one pound. And only 42 cents per pound.

Peddicord Grocery Co.

To Whom It May Concern

I have been hearing a great deal about the rubber industry and had been asked by Henry W. Jones to go to Akron and look over the situation; this I did, visiting several of the larger factories. I talked with many people and all you hear is something about the rubber industry. On account of bad roads I did not visit the Akron Maderite Tire & Rubber Co. plant, but I did visit with B. L. Eaton, the vice-president of the company and was so impressed with this company that I have become a shareholder. I believe this an excellent opportunity to make money.

(signed) A. R. STOKESBURY.

N. B.—You get a 50 percent bonus of common stock with each share of preferred stock. The preferred is tax-free and pays you 7 percent. The common stock always pays the big dividends in a successful company.

HANGS HIMSELF TO LIMB OF TREE IN LONELY WOOD

Elmer Walls, Ex-Service Man, Ends His Life By Using Fodder Tying Rope.

Deed Committed Late Saturday and Body Found On Hyde Farm Sunday Morning.

Frozen stiff by the penetrating chill of one of the coldest nights of the winter and rocked to and fro by a gale that swept beneath the leafless trees, the body of Elmer Walls, 24, an ex-soldier who served nine months with the American Expeditionary Forces in France, was discovered at half past eight o'clock Sunday morning by M. W. Caplinger, the father-in-law of Walls and Charles Weaver, a neighbor, where it was hanging from an ash sapling in the middle of the Hyde woods about four miles north of Bloomingburg and one mile off the Danville pike, a victim of suicide. It is thought that mental derangement prompted the act.

The spot where the body was found is the farthest from any road of any spot in Fayette county and is in the middle of a dense woods fully a mile from the nearest highway. Walls was first missed when he failed to return to the Caplinger residence where he and his wife and nine months old son make their home. The father-in-law and Charles Weaver late Saturday evening instituted a short search for the missing man and tracked him in the light snow that had fallen during the afternoon to the edge of the underbrush that surrounds the Hyde woods. They then returned to their home and abandoned the hunt until early Sunday morning.

Caplinger and Weaver again started the hunt Sunday morning and followed the tracks in the snow that led directly past a corn shock. Examination showed that rope used in tying fodder shocks was missing. Still following the tracks that were now almost filled with the drifting snow the two men entered the woods. A hundred yards ahead they saw the body suspended from a limb some twelve feet from the ground.

Caplinger and Weaver rushed to the Hugh LaFollette residence and sent for help. Undertaker Elmer Klever was summoned from this city. When Undertaker Klever arrived at the LaFollette home a little party gathered and with a two horse team and a sled started for the scene of the tragedy. Undertaker Klever followed the tracks of the man and made a thorough inspection of the scene before cutting the dead man from the limb. Fayette county being without a coroner at the present time.

Walls had walked to the farthest end of the woods and had stopped at several trees until he found one suited to the deed. Tracks in the snow showed that he had inspected several trees in that vicinity. The tree upon which he was hanging was an ash. Another tree that stood beside the sapling had served as a ladder from which he had reached over and tied the fodder rope to a dead limb about twelve feet from the ground. Walls had then evidently slipped the noose over his head and dropped off. Death by strangulation from hanging is the verdict of Prosecuting Attorney Harry M. Rankin and Dr. Stitt, who made an investigation after the body was brought to the Klever Undertaking rooms in this city. It was the second attempt by Walls to take his life. Last July, four weeks after he was honorably discharged from the service he made an unsuccessful attempt at suicide by taking carbolic acid.

Walls hinted the act he was going to commit when he left his home Saturday afternoon. Significance is attached to the last remark he made to his wife as he left the house Saturday afternoon, when he said: "If you don't see me any more you will know where I am."

When Walls was removed from the limb he wore an ordinary suit of overalls and light coat beneath which was his khaki army blouse. In his pockets was an Ingersoll watch which was still running, a pair of gloves, a husking peg, and a pocket book containing two dollars and five cents in money. He left no written word explaining why he took his life.

At the Klever undertaking establishment it was necessary to thaw the body before the tightly knotted rope could be removed from the man's neck, into which it had sunk.

It is the first suicide in Fayette county in a great many months.

Walls leaves a wife, Luella, daughter of Mr. and Mrs. M. W. Caplinger, a son of nine months, his father, James Walls, of Latham, Pike county, and a brother in Lima.

Our Job

As the leader of a great industry, Willard is held responsible, and rightly, for storage battery improvement, for storage battery service, and for giving all necessary help and information to the great car-owning public.

To make the new Willard battery owner's task easier, in addition to our responsibility for the quality of material and workmanship, we offer to all such as properly register the new battery at a Willard Service Station, a 90-day service free of charge, with full and complete printed information on every point the owner needs to know.

The Nation-wide Willard Service Organization was established and is maintained for the car owner's benefit, to assist him in getting a really trained service by men who know their job.

The latest of many Willard contributions to battery improvement is the Still Better Willard with Threaded Rubber Insulation—an invention which entirely does away with what was previously an almost universal battery repair expense—reinsulation. Our one objective is the car owner's complete satisfaction, and this we pledge to those who make or sell motor cars and to the millions of men and women who drive them.

OBITUARY

McCANN

Maxine McCann, daughter of Myrl and Fannie McCann was born at Washington, April 9, 1913 and departed this life February 11, 1920, one year, 6 months and 2 days old. She leaves to mourn her loss father, mother, one brother, Paul, two sisters, Mildred, Marjorie and host of friends and relatives.

Maxine was a sweet baby and to see her was to love her. Just a little rose bud—A jewel came one day To fill our hearts with joy.

But not to stay.

God called her home,

It was His will

But in our heart she lingers still

CARD OF THANKS

We wish to thank our friends and neighbors for their kindness through the sickness and death of our daughter.

AGGART - The Life Insurance Man

MERCURY AGAIN BELOW ZERO

While it wasn't the coldest night of the winter it was as cold as the coldest. Sunday night the temperature dropped down to 1 degree below the zero mark and equalled the one below of the former record set for the winter in December.

While Saturday night seemed even colder than Sunday night it was only two above by Official Weather Observer Arthur's thermometer. Highest Sunday was fourteen above.

GAS PRESSURE LOW DURING COLD SNAP

During the cold weather of the past two days the gas pressure a large part of the time has been very low, particularly from 6:30 o'clock in the morning until near the noon hour with the result that persons depending upon gas for heat have been anything else but comfortable, and have found the pressure so low that cooking has been next to impossible.

Many persons now using gas for heating purposes are planning to change to other fuel before another winter, due to the low pressure when most needed and greatly increased cost of gas.

They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksire air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—road-bed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American railroads to pay the highest wages while charging the lowest rates.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York
